## FAQ:

Q. Do the storefronts integrate with all my LP software?

A. *Yes! Our storefronts are designed to work seamlessly with our ordering software.*

Q. Can I upload orders directly to my preferred lab?

A. *Yes. We have over 100 LP affiliated labs to choose from!*

Q. What if I want to print the orders out myself?

A. *You can—with LP Production Studio.*

Q. Do I need my own website?

A. *No, you don't—but our storefronts integrate perfectly if you do have one.*

## Features & Benefits:

Slide show, with fade transitions (NEW)

Customers can view a beautiful slide show of their images

Compare images feature (NEW)

Images can be compared side-by-side, making it even easier for your customers to purchase more images!

Customizable look (NEW)

Choose from three beautiful color schemes. Or choose a color to be the primary one for your storefront, and see how this will create a whole new theme, matching your studio's style!

Display choices (NEW)

Events can be selected from thumbnails from each event, from a dropdown list, and/or by entering the event name—YOU control it!

Customizable setup

Easy setup allows you to password protect your projects; add a watermark to protect your images, and more!

Enhanced image quality and security

Displaying highest quality images, while maintaining maximum security.

Favorites option

Ability to save images to a 'Favorites' group, which can be accessed at another time. A great way to help your customer's selection process.

Smart navigation (NEW)

Navigation and usability is natural and easy for you and your customers.

Easy order tracking (NEW)

"Mini-cart" is on all pages, displaying basic order information and running total.

Printable receipt (NEW)

Customers can print out a receipt of their order with all relevant information.

Event Reposting

Repost events at no charge...and increase sales!
